

Winslow Adaptics are fully committed to continuously improving the service we offer our customers.

A management representative has been identified who has the responsibility and authority to oversee the organisations QMS.

This is achieved by thoroughly understanding customer requirements, relevant statutory and regulatory requirements, and by ensuring that we have the highest possible levels of quality awareness throughout the company.

Processes are in place to continuously measure, evaluate and take action to improve the performance of the organisation while ensuring compliance to legislative and mandatory requirements.

This policy is linked to a set of quality objectives and is reviewed periodically during a formal management review. This provides a platform for review and improvement.

The organisation is committed to meeting the requirements of ISO 9001:2015 and is working towards accreditation to AS 9100 D

The communication and signing of this policy demonstrates the full commitment of the managing director in providing leadership and commitment to the Quality Management System.
